# Streaming Services and Their Content

## Hulu

The service that is best for watching new TV shows such as The Handmaid's Tale, This is Us, and The Good Place.

1

## Netflix

The pioneer of online streaming characterized by its premium Originals content that includes Stranger Things and House of Cards.

2

3

## Disney+

A platform that offers a rich library of content for Disney, Marvel, Star Wars, and National Geographic enthusiasts.

# How to Browse and Search for Movies/TV Shows

## Search Filters

Use various filters to narrow down your search results and find the content you are interested in.

## Recommendations

The algorithm of streaming devices will recommend shows and movies based on your viewing history.

## Keyword Search

Type in keywords related to what you want to watch, such as actors, directors, or genres.

# Tips for Optimizing Your Streaming Experience

## Upgrade your router

A fast and stable internet connection will ensure a seamless streaming experience.

## Close unnecessary apps

Apps running in the background can hog resources and reduce streaming quality.

## Use an ethernet connection

Wired connections offer faster and more stable internet connections than wireless ones.
